

$\times$   
 $\perp_2$  ”  $\perp$   $\hat{\ominus}$   $\vee$  /  $\vee$   $\otimes$   $\otimes$

you who are on the road

$\hat{\cup}$   $\hat{\pm}$  \  $\cap$  ”  $\div$   $\times$   $\perp_2$   $\hat{\vee}$   $\hat{\ominus}$   $<$

must have a code that you can live by

$\hat{\Delta}$   
 $+$   $\triangleright$   $\longrightarrow$   $\hat{\ominus}$   $\perp_2$

and so become yourself

$\triangleright?$  /  $)$   $\hat{\ominus}$   $\hat{\vee}$   $\ominus_1$  \  $\circ$   $\longleftarrow$   $\longrightarrow$

because the past is just a goodbye

/ 1  $\overset{\times}{\perp} 2$  (  $\overset{\wedge}{\cup}$  <

the one you'll know by

-!  $\overset{\times}{\perp} 2$  \  $\overset{\vee}{\ominus}$   $\overset{\wedge}{\boxed{?}}$   $\overset{\times}{\perp} 3$  ?▷

don't you ever ask them why

?▷  $\overset{\times}{\perp} 3$   $\circ$   $\overset{\times}{\perp} 2$   $\overset{\times}{\perp} 2$  (  $\overset{?}{\odot}$   $\overset{\wedge}{\downarrow}$

if they told you you would cry

▷  $\overset{\vee}{\oplus} 1$   $\overset{\wedge}{\odot}$  >·  $\overset{\times}{\perp} 3$  +  $\overset{\wedge}{2} \angle \circ \mathbb{M}$

so just look at them and sigh

+  $\overset{\wedge}{\cup}$   $\overset{\times}{\perp}_3$   $\overset{\wedge}{\heartsuit} \rightarrow$   $\overset{\times}{\perp}_2$

and know they love you

+  $\overset{\times}{\perp}_2 >$   $\overset{\vee}{\circ}$

and you of tender years (young)

-  $\overset{\wedge}{\vee}$   $\overset{\wedge}{\cup}$   $\overset{\times}{\heartsuit} \downarrow (?)$

can't know the fears

„  $\div$   $\overset{\times}{\perp}_2 +$   $\overset{\times}{\uparrow}$   $\overset{\circ}{\uparrow} <$

that your elders grew by

+ ▷ ! ♥ <sup>^</sup>∧ <sup>×</sup>∩ <sup>+</sup>∩<sub>2</sub> + ∩<sub>3</sub> + ∩

and so please help them with your youth

<sup>×</sup>∩<sub>3</sub> <sup>^</sup>∩<sub>3</sub> !! / <sup>^</sup>∩<sub>3</sub> · | <sup>×</sup>∩<sub>3</sub> · <sup>^</sup>∩<sub>3</sub> <sup>^</sup>∩<sub>3</sub>

they seek the truth before they can die

<sup>^</sup>∩<sub>3</sub> ∩<sub>3</sub> <sup>×</sup>∩<sub>2</sub> + <sup>×</sup>∩<sub>2</sub> + <sup>∨</sup>∩<sub>2</sub> !

teach your parents well (good)

<sup>×</sup>∩<sub>3</sub> + <sup>×</sup>∩<sub>2</sub> + <sup>∨</sup>∩<sub>2</sub> ∩<sub>2</sub> ( <sup>^</sup>∩<sub>2</sub> → - ! <sup>^</sup>∩<sub>2</sub> → <sup>∨</sup>∩<sub>2</sub> →

their childrens' hell will slowly go by (past)

+  $\overset{\wedge}{\uparrow}$   $\overset{\times}{\perp}_3$   $\vee$   $\overset{\times}{\perp}_2$  +  $\overset{\times}{\frown}$   $\square$   $\odot$

and feed them on your dreams

/  $\overset{\times}{\perp}_3$   $\overset{\wedge}{\times}$  /  $\overset{\times}{\perp}_2$  (  $\overset{\wedge}{\cup}$  <

the one they picks the one you'll know by

-!  $\overset{\times}{\perp}_2$  \  $\overset{\vee}{\odot}$   $\overset{\wedge}{\square}$   $\overset{\times}{\perp}_3$  ?▷

don't you ever ask them why

?▷  $\overset{\times}{\perp}_3$   $\circ$   $\overset{\times}{\perp}_2$   $\overset{\times}{\perp}_2$  (  $\overset{\wedge}{\odot}$   $\downarrow$

if they told you you would cry

$$\triangleright \overset{\vee}{\oplus}_1 \overset{\wedge}{\odot} \triangleright \cdot \overset{\times}{\perp}_3 + \overset{\wedge}{2} \angle \circ \mathbb{M}$$

so just look at them and sigh

$$+ \overset{\wedge}{\cup} \overset{\times}{\perp}_3 \overset{\wedge}{\heartsuit} \rightarrow \overset{\times}{\perp}_2$$

and know they love you
